The National Guard Bureau proposes to beddown 18 F-35A aircraft at two of five locations:

- 115 FW at Truax Field, Madison, Wisconsin;
- 124 FW at Gowen Field, Boise, Idaho;
- 125 FW at Jacksonville International Airport, Jacksonville, Florida;
- 127 WG at Selfridge Air National Guard Base, Michigan; and,
- 187 FW at Dannelly Field, Montgomery, Alabama.

A public meeting will be held at each alternative location in February/March 2018. These meetings are a forum to collect public comments and concerns regarding the proposal. This is the first step in the process, and following these meetings we will conduct an analysis of the potential impacts of the proposal. The complete analysis will be provided in the Draft EIS, which will be provided for public review and comment in late 2018.

Your comments must be submitted by April 6, 2018 to be considered in the preparation of the Draft EIS

Please forward your comments to:
Ms. Christel Johnson, Environmental Engineer
NGB/A4AM
Shepperd Hall
3501 Fetchet Avenue
Joint Base Andrews, MD 20762-5157

You may also submit comments at the public meeting, or via the project website at www.ANGF35EIS.com.

See the project website for maps of the public meeting locations.
